Dear Matt

I take my hat off to you for pushing the BW issue all these years until you finally wore down the opposition. A great service to us all. Thanks also for sending me your Senate testimony which I found excellent.

Looking back on our time together at ACDA, I blame myself for not concentrating single-mindedly upon the MIRV issue as you did upon BW. If I had spent these 6 years in a concentrated campaign against MIRV, I might have succeeded as you did. I did not lack understanding of the problem, only I lacked your strength of will.

Yours ever

Freeman Dyson.
