Dear MATH,

I should have written you before this to thank you for coming to South House on Wednesday evening and for talking to us about CBW. I enjoyed it and profited by it, and I think the others did too. Certainly the questions indicated a high degree of attention and concern.

You really should have seen a lawyer. The legal side always comes

My having addressed you in these
familiar terms and ~~that~~ that you
will do the same with me.

With very warm thanks and
with kind regards,

Yours sincerely,

Dick Baxter
