

THE REPRESENTATIVE
OF THE
UNITED STATES OF AMERICA
TO THE
UNITED NATIONS

December 11, 1969

DEC 16 1969

Dear Professor Meselson:

I am sorry that our meeting the other day had to be so brief and very much appreciate your offer to return to New York so that we might have a fuller discussion of chemical and biological weapons.

As you know, the CBW item in the United Nations was completed in Committee I this week but I would value a general discussion of the subject with you when you might be in New York in the next few months.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles W. Yost", with a large flourish extending from the end of the signature.

Charles W. Yost

Professor Matthew Meselson,
Department of Biology,
Harvard University,
Cambridge, Massachusetts.
