Mr. Michael Guhin  
National Security Council Staff  
Executive Offices Building  
Washington, D.C.

Dear Michael,

I enclose a copy of a recommendation I have written for a bright young Army captain named John P. Wheeler who would like to work at the White House. In case he is not awarded the White House Fellowship for which he is applying, might you be interested in taking him on as an assistant? If so, you might ask John Eisele in Systems Analysis at the Defense Department for his opinion of Wheeler.

Best wishes,

As ever,

Matthew Meselson
