Coral Gables Conference on Fundamental Interactions at High Energy

January 21-23, 1970

Matt - Just got this material from Martin. You will want to see it before calling Ivan Bennett (if you haven't already done so). Please let Ivan know I postponed calling to get more from Martin & discuss it with you -

I think Bill Bader should be asked to finance this (or Joe Slater? $\frac{1}{2}$, or both?) but I would rather not be the one to approach him since I am currently pushing him a little hard on two other requests. Please make copies of this stuff for me - I'll be back on Tuesday. Thanks -

A private, independent, international university
