Dear Matt:

I enclose a first draft of the paper on CBW which is to go with the other three, two of which we have seen.

I am not satisfied with this draft, but before redoing it, I should like to get your comments. I am writing Pete to the same effect.

If you intend to discuss this paper on the 6th of April, I suppose it should be in the hands of the discussants about a week beforehand.

Please let me know how you want to proceed in giving me your comments.

Meanwhile, I am not sending on copies of the enclosure to others than you and Pete.

Sincerely,

Archibald S. Alexander
