Dear Hugh:

Thank you for the flyer about your book which I have ordered for our chemistry library.

I once promised you a memo on the military use of herbicides. Here it is.

I gather it is unlikely that I will see you on this trip but I do look forward to meeting you. In case your quick trip brings you to Boston I will be here the first three days of May but in Chicago for the rest of the week.

Sincerely yours,

Matthew Meselson  
Professor of Biochemistry and  
Molecular Biology
