

MemCon: Mike WALLS in The Hague, 24 Nov 1994

---

During the HAIL colloquium.

On the implications of the US elections: Senator HELMS may very well delay the exit of the CWC from the SFRC, but there is still a majority in favour of the treaty in the full Senate. The more serious worry is that the SASC has not yet reported; and the new chairman there, Senator THURMOND, may be a problem.
